

HIGH POINT UNIVERSITY

Mariana H. Lubein Arboretum and Botanical Gardens

The Dr. E. Roy Epperson Garden

Located just outside of the Hayworth Fine Arts Center, this garden serves to honor the late Dr. Epperson in recognition of his 40 years of service to HPU. Some of the plant selections in this garden came from Dr. Epperson's home garden. The bed on the right side of the path is named "EG1" and the bed on the left side of the path is named "EG2".

Plant list

| Bed | Botanical Name | Common Name |
|------------|--|---------------------------------|
| EG1 | <i>Acanthus</i> 'Summer Beauty' | bear's Breech |
